

**Where is the math
in the flag?**

White?

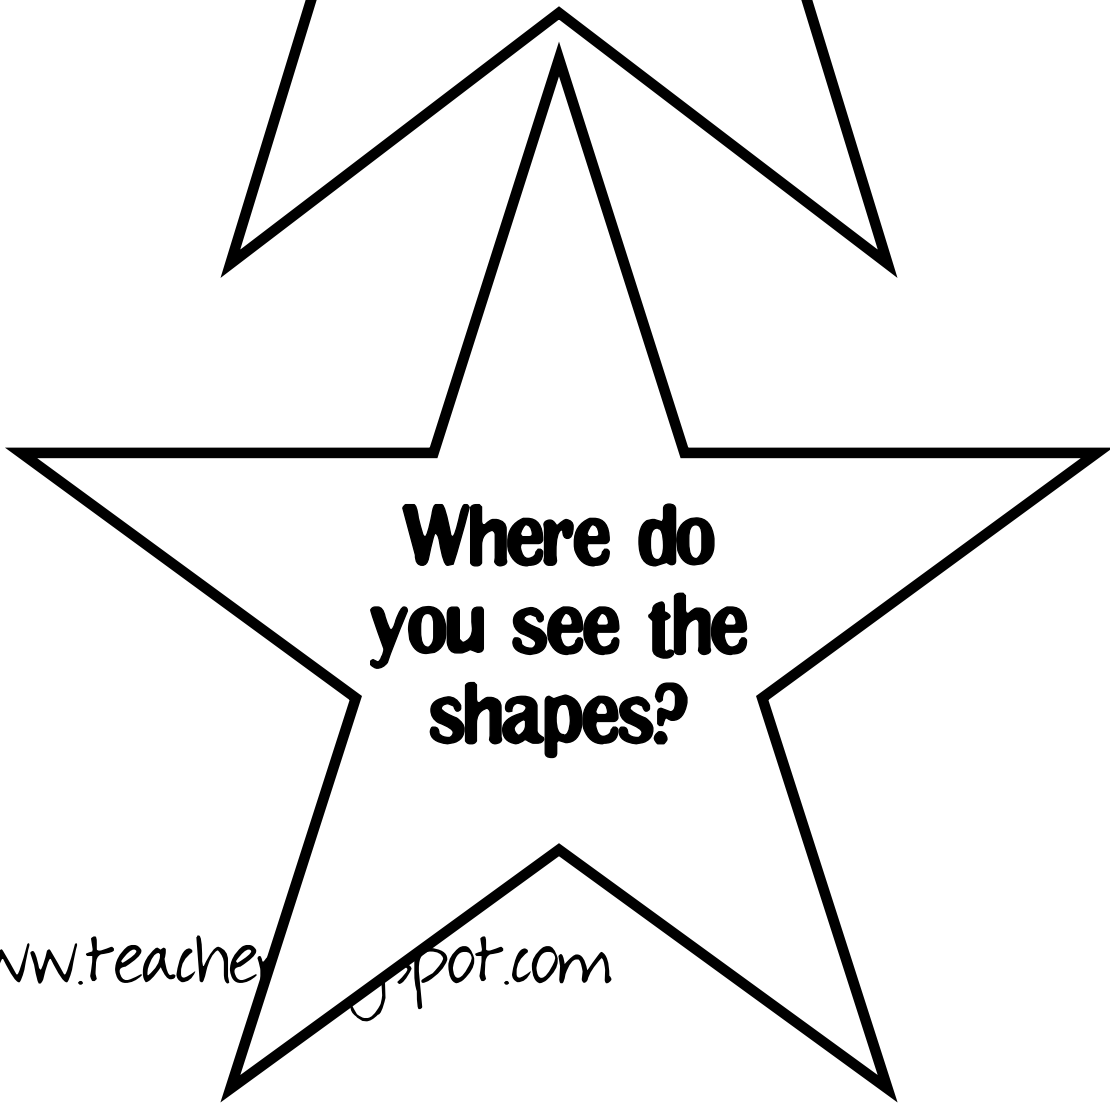

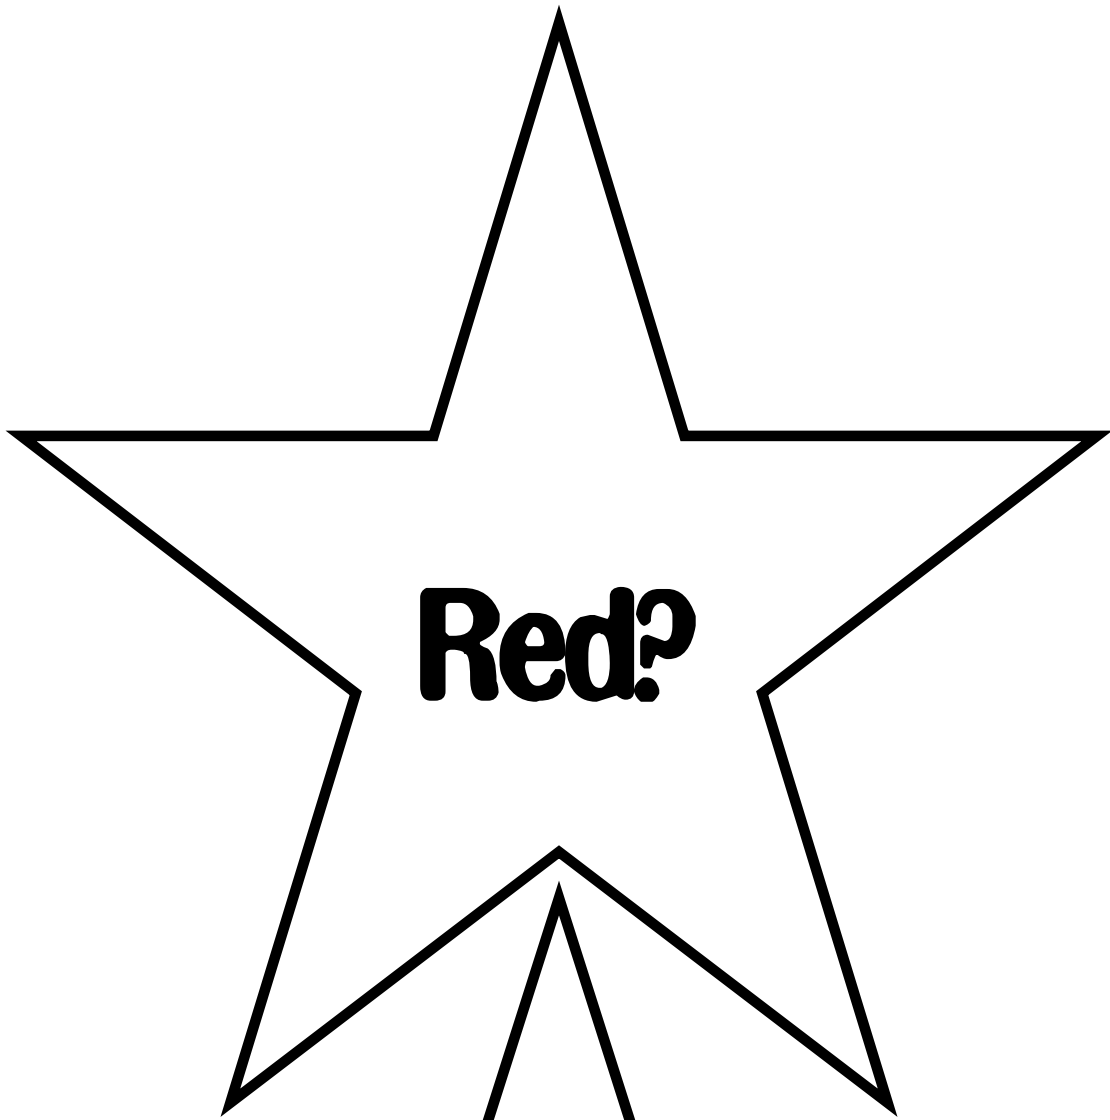

**How
many
stars?**

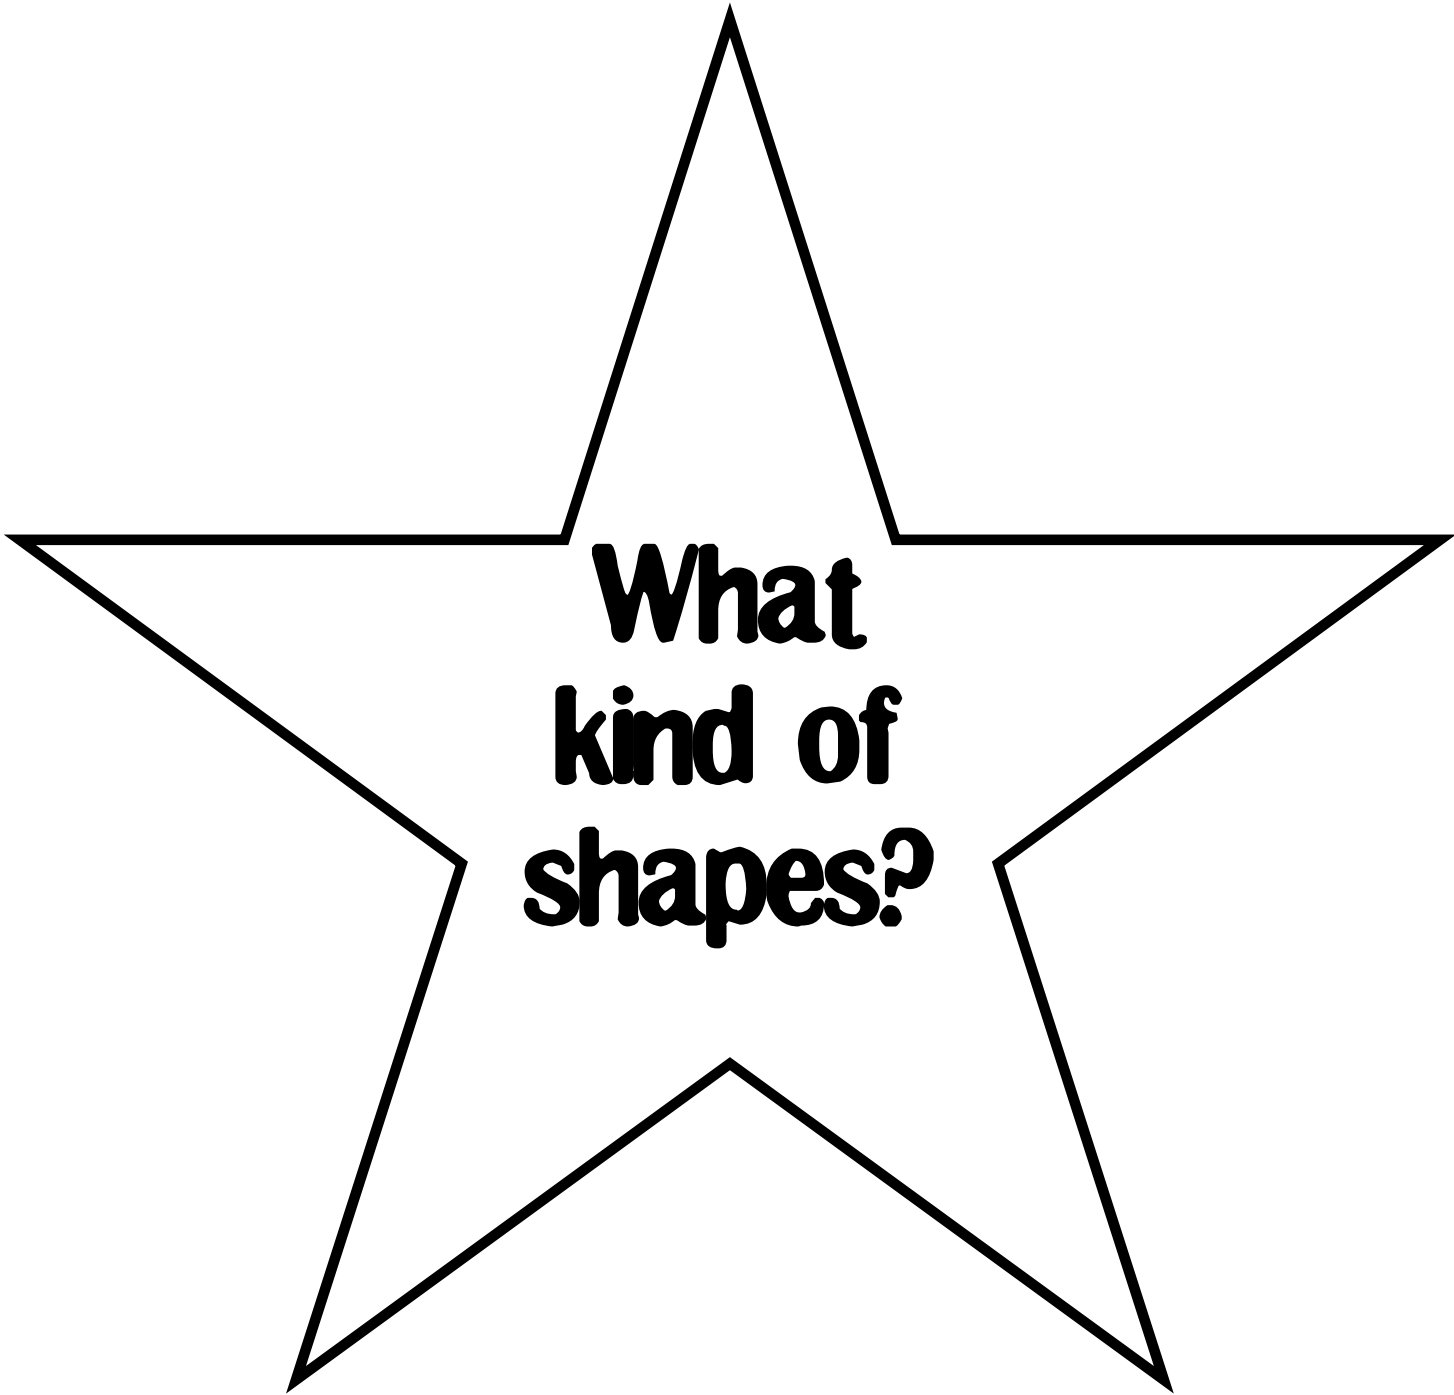

Note: The *red?* and *white?* Stars go with the how many stripes star. I hung those stars close together, but they are spread apart on these pages to save paper.

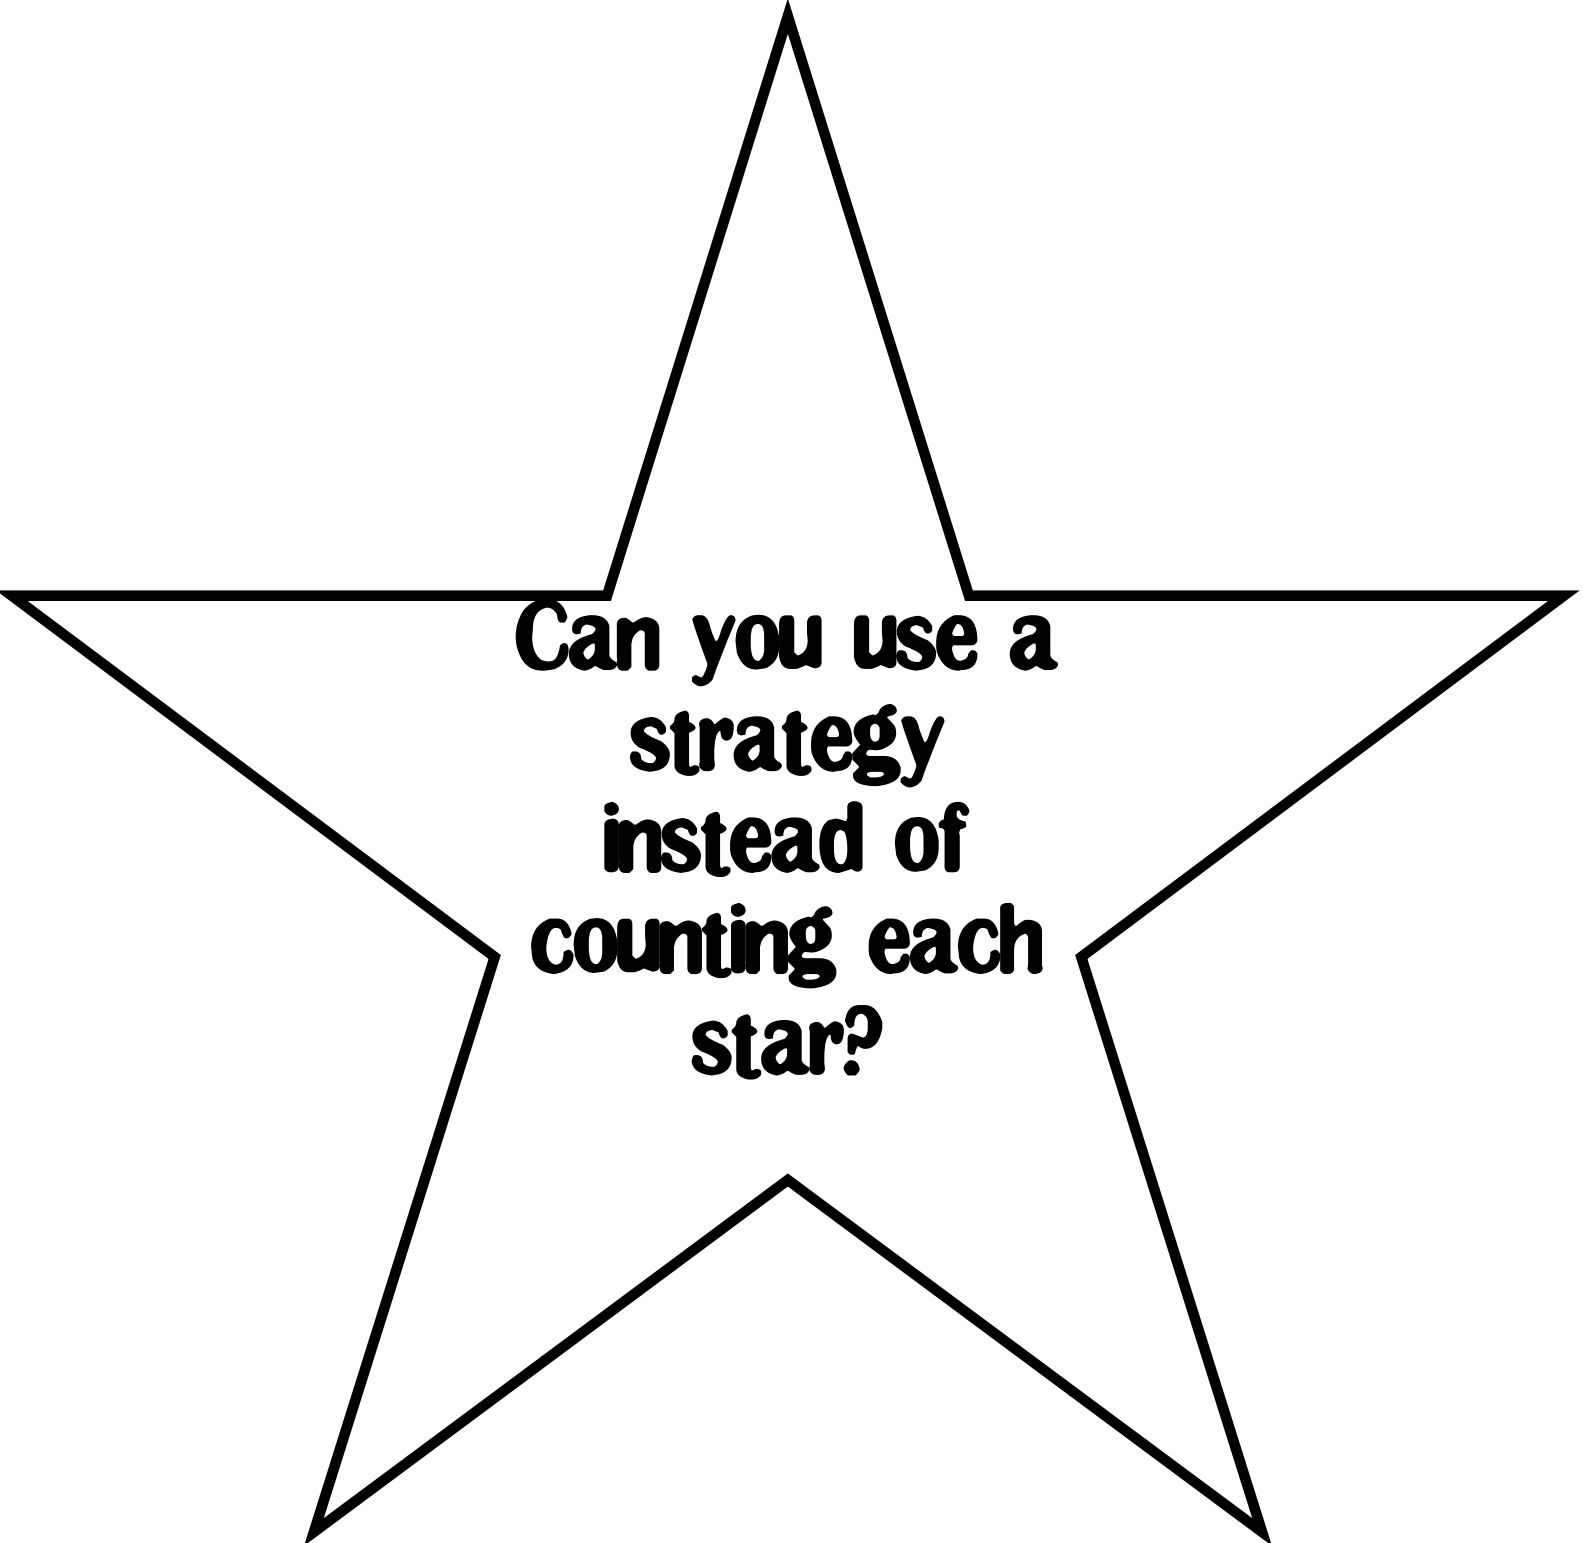

**How
many
rows?**

**What
kind of
shapes?**

**Can you use a
strategy
instead of
counting each
star?**
